| Curriculum Area | English | Activity Type | Worksheet |
| Suitable for | KS 3 & 4 | Activity Number | BB08 |
| Activity Name | Brain Hieroglyphics | | |

Activity courtesy of Dr Eric H. Chudler - University of Washington, USA

Learning Outcome:

Understand a number of words used when discussing the brain.

Materials Required:

Worksheet shown on page 2

Instructions:

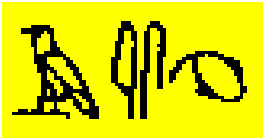

Copy as many of sheet 2 as required.

Answers:

- | | |
|------------------------------------|---------------|
| 1) Brain | b+rain |
| 2) White Matter | |
| 3) Grey matter | |
| 4) Brain Wave | b+rain+wave |
| 5) Long term and short term memory | |
| 6) Hippocampus | hippo+camp+us |

This activity can be further extended by asking students to make up more hieroglyphics of words associated with the brain.

This symbol is the actual ancient Egyptian hieroglyphics for the word "Brain".

However, you don't have to worry about reading ancient Egyptian for the puzzles on this page. Your job here is to "read" the pictures to make a single word or phrase. Each word or phrase has something to do with the brain.

Read the pictures and then write the word or phrase next to it.

1) _____

2) _____

3) _____

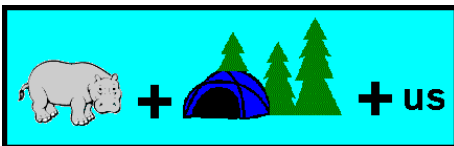

4) _____

term memory

and

t e r m m e m o r y

5) _____

6) _____
