

Cheryl Abrahams

Cheryl is a solicitor with over 17 years' experience in the field of personal injury and is a partner in the Child Brain Injury Team at Bolt Burdon Kemp, where she has worked since 2004.

Cheryl's passion lies with fighting for the rights of children with brain injuries and she was proud to become one of the founding members of the Child Brain Injury team at Bolt Burdon Kemp in 2015.

As a result of her work on behalf of children with brain injuries, Cheryl understands not only the devastation that can be caused to a family when a child suffers a brain injury, but also the worries and concerns that parents will have about their child's future and their ability to meet their child's complex needs.

Cheryl has also received acclaim over the years from the two independent guides to the legal profession, The Legal 500 and Chambers and Partners, who have said:

- "Cheryl Abrahams is noted by clients as being "really understanding and responsive." She is especially knowledgeable in the field of traumatic brain injury, and has extensive experience representing children in these cases." Chambers & Partners 2018
- [an] "incredibly experienced" solicitor. "She's got guts and she's got judgement – she's got everything you'd want in a lawyer." – Chambers & Partners, 2017
