

## **Victoria Hubbert**

Victoria is an Associate in the Serious Injury team.

She has specialised in catastrophic and brain injury cases since qualification as a solicitor.

She recently concluded a high value, complex Brain injury case involving more than ten experts, with a settlement value of just under £1.5 million.

Currently, Victoria handles a number of large complex cases, some of which involve children. She has been described as a lawyer who has compassion and who has a fantastic working relationship with her clients.

Examples of the way in which Victoria's advice has benefitted or is benefitting clients include:

Representing a 4-year old who suffered a significant brain injury following a car accident when he was 2 years of age. We are working with a specialist paediatric case manager and have obtain funding under the Rehabilitation code for private therapy, including Speech & Language and Occupational Therapy.

Representing a client who suffered a complex brain injury, resulting in a loss of capacity, after being knocked down as a pedestrian.

What her clients say

"I cannot praise enough the way Victoria has dealt with our ongoing case and us as people. She is a pleasure to know."
